

# Exploratory bifactor analysis

CG Christopher Gagne SB Sonia J Bishop

Updated date: Feb 4, 2021

An abbreviated version of this protocol was published in eLIFE in Dec 2020

Impaired adaptation of learning to contingency volatility in internalizing psychopathology

DOI: 10.7554/eLife.61387

## Detailed protocol

The data and code used to create the figures and fit the bifactor model to the data is available on a Github repository associated with the first author and this repository has been shared on the Open Science Framework (<https://osf.io/8mzuj/>).
